## BOARD OF TRADE CONDEMNS ACTION OF CANAL COMPANY

**IN REFUSING TO DREDGE OUT  
APPROACH TO SMITH CREEK**

**INTERNAL IMPROVEMENT BOARD  
SHOULD NOT GRANT DEEDS TO  
LAND UNTIL THE WORK IS  
COMPLETED.**

That the evident effort of the Florida Coast Line Canal and Transportation company to avoid digging out the approach to the opening of the canal through the Tomoka basin will work untold injury to the city of Daytona, as well as every other city and town along the East Coast, was the sentiment expressed at the regular meeting of the Daytona board of trade last evening. To express the feelings of the business men and citizens of this city a resolution was drawn up and adopted at the meeting condemning the policy of the canal company and imploring the state internal improvement board to refuse to give promised deeds to state lands until the approach has been properly dredged out.

Following is a copy of the resolution adopted:

Resolved, that the board of trade, representing the business men of Daytona, protest against the Florida Coast Line Canal and Transportation Co., receiving any compensation whatever for their work on the canal between Daytona and St. Augustine until they shall make the headwaters of the Halifax river navigable to a depth and width corresponding to the canal from the Halifax river to St. Augustine, and we believe to make the work permanent the dredging should be done on the east shore of the river near the peninsula. In anticipation of the completion of the canal as expected and asked, the city of Daytona has constructed suitable docks and contemplates the deepening of the approaches to a depth equal to that of the canal, and a failure to make the headwaters of the Halifax navigable would make the work practically worthless for commercial purposes.

The contract between the canal company and the state internal improvement board for the canal to be completed by July 1 next, and on completion and acceptance by the internal improvement board the state is to deed to the canal company certain state lands. The canal company claims its contract with the state does not call for the opening up of the approach to the canal, but simply the dredging of the canal between the Matanzas and Halifax rivers. It is evident, the canal will be absolutely worthless as inland waterway if it can not be entered or left by boats at this end, and to make it available for use to the public it is necessary the approach through the Tomoka should be dredged out.

A copy of the resolution adopted last night will be forwarded at once, along with a similar resolution adopted by the Halifax River Yacht club Monday, to the state internal improvement board to show the sentiment of the people here on the subject. Efforts will also be made to stir up such a sentiment all along the East Coast that the internal improvement board will demand that the approach be dug out before the completed canal is accepted by the state.

The \$200 to be paid by the board of trade for the advertising space to be used in the official program for the celebration of the opening of the over-the-sea railroad at Key West next week, will be paid for out of the funds of the board instead of soliciting it from the business men, according to an action taken by the board last night.

The publicity committee was authorized to make a contract with the Burgess Company & Curtis for a series of hydroplane exhibition flights from the river in front of the city, the flights to begin in the very near future. The exhibitions will be given both forenoon and afternoon one day each week for eight or ten weeks. If the weather is unfavorable the day set for the flight the exhibition will be given the next favorable day following. The aviator will arise for the flight from the water and alight in the water at the end of the flight.

That the road on the peninsula between Seabreeze and Ormond can be put into good condition with a little work on the approach at the Ormond end of the highway, was a

report made to the board and the secretary was instructed to write the Ormond council, asking that the work at that end be done at once. The approach at this end is being taken care of by the town of Seabreeze and the council will see the road in good condition between the two approaches.

## CRYSTAL ANNIVERSARY OF LIVE OAK CHAPTER, O. E. S.

**CELEBRATION OF FIFTEENTH  
ANNIVERSARY MONDAY NIGHT  
WAS LARGELY ATTENDED AND  
VERY ENJOYABLE AFFAIR.**

The celebration of the 15th anniversary of the installation of Live Oak chapter, No. 1, Order of the Eastern Star in this city, which was held in Masonic hall Monday evening was largely attended and proved a most delightful social gathering of members of the order, a number of visitors being present from all over the country. The bad condition of the roads prevented the members of chapters of interior points attending, but New Smyrna and Cocoa were well represented and many were present from adjacent towns.

The charter members of the chapter, under whose auspices the entertainment was given, received the guests, Mrs. F. T. Peck, the first worthy matron of the chapter, acting as chairman of the reception committee. Geo. H. Clark, first worthy patron of the chapter, was also present. The charter members were arrayed in the brilliant robes used in the early days of the chapter, and which some of the newer members had never seen.

An excellent program of music and recitations was greatly enjoyed and there were many interesting speeches during the evening. Mr. and Mrs. H. H. Thorp were instrumental in the establishment of the chapter and Mrs. Thorp had prepared for the occasion a history of its life from that date.

During the enjoyment of refreshments, served in the banquet hall, a number of pleasant toasts were delivered. Mrs. F. T. Peck making a most efficient and charming toast. The banquet room and tables were beautifully decorated in emblematic colors and the lodge room was also tastefully decorated with palms and flowers.

Between 85 and 90 members and visitors were in attendance and it being the crystal anniversary, many useful and pretty articles of glassware were presented to the chapter.

A feature of the celebration was a fact that it was the 15th anniversary, held on the 15th of the month by the 15 remaining charter members of the chapter, thus forming a Masonic combination of three.

## "INTRODUCE ME" SCORES HIT WITH AUDIENCE IN DAYTONA

**SMALL AUDIENCE APPRECIATES  
EFFORTS OF DELLA CLARKE  
AND COMPANY IN FOUR-ACT  
COMEDY.**

Della Clarke and her company of comedians appeared at the New Daytona theater last night in a four-act, straight comedy, "Introduce Me," which abounds in witty lines and amusing situations, and pleased a small-sized audience. Miss Clarke is a natural comedienne of ability and is supported by a company of competent artists. Miss Clarke's numerous gowns were the cause of much comment among the women of the audience.

Miss Clarke successfully portrays the dual role of Mrs. George Nichol and Frances Everett. She "puts over" her lines with telling effect, and is one of the cleverest comedienne seen here this season. Clara Krall as Edna Somers, the leading lady of "Susan," is very good, and shows much ability. Henry Pemberton as George Nichol plays a trying role with much force and is good in the strong scenes. Jessie Morris Sullivan as Aunt Hannah, who is supposed to be fabulously wealthy, gives a good representation of the "Down-Easter," and her work elicited much laughter. Gordon De Maine as Charles Weatherpoon, a typical theatrical press agent, pleased. The show on the whole is good and deserving of patronage.

## "GRAUSTARK" ON TONIGHT AT NEW DAYTONA THEATER.

"Graustark," Geo. D. Baker's dramatization of the novel of the same name, is to be the attraction at the New Daytona theater tonight. The romantic story of the love of Grenfell Lorry and Princess Yelva of Graustark, with the stirring events connected therewith, due to the chivalrous Amerond and his involvement in the affairs of that princely and its neighbors, makes a good play. In the dramatization, the narrative of the author has been faithfully followed, with little departure for stage purposes. There is a plentiful supply of comedy infused in the play, which fits with the more serious phases of the story. The company presenting the play is up to the standard, each individual having been selected for his or her adaptability for the particular role in which they are cast. They have been well drilled by James W. Castle, one of the premier stage directors of this country, who for years has been selected for his business for the Whiskey enterprises. As a scenic production, Graustark is unequalled for massive and magnificent scenery and effects. It takes place behind no romantic play of years.

Thos. T. Totten of Saratoga Springs, N. Y., is a guest at the Inn.  
Saturday evening the guests at the Saratoga Inn enjoyed a card party, progressive euchre being the game played. M. After the playing dainty refreshments were served and music enjoyed.  
Sunday evening seemed just a continuation of the good time Saturday, the occasion being the birthday anniversary of Mrs. DeFrees. The fun was all the more complete because of the fact that all preparations were made unknown to the guests or even to Mrs. DeFrees herself.  
A beautiful birthday cake had been baked, it being literally weighted down with decorations symbolic of the occasion, and of course the candles were not forgotten. It was the first birthday cake Mrs. DeFrees had ever had and this fact and the surprise of it all only added to the enjoyment. After the lady of honor had made her little speech others had their say in the matter and much fun came of the cake and the birthday which will long remain in the minds of all present.

## HEARD ON THE STREETS

Clean cotton rags wanted at the Daily News office, five cents a pound

Dr. W. C. Chowning was in the city Monday from New Smyrna on professional business.

E. T. Conrad is at home for a few days, having come up from Miami by train Monday to look after some business matters. Mrs. Conrad is with his brother at Miami during his stay here.

John William Helms, managing director of the Aelofan company of New York, is at the Hotel Clarendon. Mr. Helms is making plans for a pipe organ to be installed in Commodore Burgoynes residence.

## DO YOU KNOW GRAUSTARK?

Capt. Tyler and C. A. Spencer, government inspectors, were in the city from Jacksonville Monday for the purpose of making an inspection of the steamers U. S. A. and Constitution of McCoy Brothers' line.

W. R. Rutan of Elmira, N. Y., is in the city for a time and has recently been visiting friends in the Elmira cottage on Bay street. Mr. Rutan is well known to most of the Elmira people wintering in Daytona.

\*Turkey supper and calendar sale at the Armory, Jan. 19, by Ladies Aid of M. E. church. Supper from 5 to 7. 32-34-36-37-38-39-40-41-42

Bowen M. Cook, who has been visiting his mother and sister, Mrs. Susan G. Cook and Mrs. W. M. Moore, at the Woodlawn, since shortly before Christmas, departed Monday afternoon on his return to his home at LaGrange, Ill.

Mr. and Mrs. Wm. Hall are again at their North Beach street home, having returned Monday afternoon from a week's visit at Orlando and Maitland. They report the week to have been one of rain at those places, as it was here in Daytona.

\*FOR SALE—Several hundred fine bearing orange trees, just right to transplant, are offered. Buyer making offer for the lot taken at once will get an attractive price. John P. Thede, caretaker, Blodgett place Ridgewood Ave., or E. P. Porcher, Cocoa, Fla. 37-61

Mr. and Mrs. G. B. Van Velsor and friend, Mrs. Bennett, arrived Saturday from Waverly, N. Y., and after remaining over Sunday with Mr. and Mrs. C. W. Brooks on Volusia avenue, located for the season with L. J. Cowan and family on Third avenue.

Citizens of both the northern and southern sections of the city are complaining of the depredations of cattle which are turned loose or stray into the city after nightfall. The authorities are making an effort to impound the animals, but they are difficult to round up.

\*\*Let the Daily News job department figure on that printing matter.

H. Krantz, who arrived from New York recently and is visiting his wife's parents, Mr. and Mrs. John Koze, on Second avenue, is accompanied by his young son, Herman.

G. A. Bunnell, who has been with F. L. Middleton and family at Holly Hill since Friday of last week, returned to his home at Miami, Monday afternoon. Mr. Bunnell was at one time a resident of Holly Hill in company with his parents and other members of the family.

Some of the good temperance women of the city are very much incensed over the receipt by them of circulars and price lists from liquor houses in Jacksonville, are considering ways and means to abate what they consider a nuisance and an insult. The men of the community apparently do not take the matter so seriously. It might be well, however, for the liquor dealers to refrain from such promiscuous advertising.

After an almost total eclipse (by clouds) of the sun for three or four days, that luminary shown forth brilliantly in a cloudless sky Monday and drew out in large numbers the residents and visitors in the city, Beach street again taking on an air of bustling activity in accordance with the tourist season. While the day was bright and clear the air was somewhat chill, though not enough so to cause discomfort. It is seldom that such a succession of cheerless, cloudy days occur in Florida, but even then it was far better than the weather further north.

## WHERE IS GRAUSTARK?

Speaking of the presentation of "Graustark" in that city the St. Augustine Record says: "Graustark" as presented at the Jefferson theater last night was one of the best attractions Manager Davies has yet secured. The audience wasn't large, but those who went were delighted. Manager Davies made good his promise that it was to be a splendid show. The cast was very strong and well balanced and the acting was splendid. It is a company which deserves a crowded house wherever it appears."

The Lunaria of Schenectady, N. Y., arrived at the city dock Monday afternoon after first making a stop at the South bridge. Later she moved over to the yacht club landing where she will remain several days. The Lunaria is owned by A. J. Quackenbush and is a sister ship of the Lodona that was at the yacht club for some time two weeks ago. She is 70 feet long, has a beam of 16 feet and draws 26 inches of water. The Lunaria is equipped with Hall engines and is a twin screw. She has been on the way a month and is bound for Miami.

## If These Towns

with the best of fire-fighting equipment can burn why not Daytona?

**NEW YORK, Jan. 10**—The fire in the Equitable Life Assurance company's building, which started yesterday morning and gutted the big granite and marble structure, is still burning today and the city firemen are working hard to subdue the flames.

Between \$1,000,000 and \$1,500,000 worth of securities are locked in the vaults of the big building and the vaults in the ruins are being strongly guarded by a cordon of police.

It is now known that seven lives have been lost in the fire and others may be in the ruins.

**OVER THE SHOSHONE FALLS**  
Except Fish, a Red Collie is Only Animal That Has Made Plunge and Survived.  
The only living thing except the fish that has ever gone over the Shoshone Falls in Idaho and came through alive is Shep, a red collie belonging to a hotel man in Shoshone. At Shoshone the Snake River plunges into a cavern with less than a foot between the surface of the rushing waters and the roof of jagged rock. Sharp-toothed rocks bristle above the swirling currents, and cruel stones project from the slippery sides. From this subterranean passage the river emerges on the edge of a great canyon, over the brink of which it dashes in a thundering cataract of foam and spray 220 feet to the abyssal depths below. The falls of Shoshone are sixty feet higher than Niagara Falls.  
A child pulled Shep's plucky tail one day and Shep bit the child. For this he was promptly condemned to death by his owner, who took him to Snake river and threw him in just outside the cavern, and when Shep, battling bravely for his life, was swept out of sight into its mysterious mouth, he was considered a dead dog.  
Half an hour later a boy hurried into the hotel and informed Shep's master that his collie was sitting on a half submerged rock below the falls howling for help. Filled with remorse, the dog's owner hastened to his rescue with ropes and a boat, and half Shoshone attended Shep's triumphant return to his home, where his penitent owner gave him the best in the larder and a soft cushion behind the bar for the rest of his days. Beyond a few trifling scratches and the loss of his toe nails, the dog was none the worse for his terrible experience.

**WHEN IS GRAUSTARK?**  
Here Medals and Thanks.  
There are few that are thanked. There are millions who deserve thanks. Higher than the stars is the heroism of daily life, for no wish for recompense ever tarnished nor debased it. Brave men ask no other thanks than the whispers of their own souls. Grand women would blush to reveal the heroic things they daily do. It is to this deathless impulse of doing that we may always look, that a race of heroes does not perish from the earth.
